Let me be your metronome,  
Let me keep you keepin' time,  
Be the one to take it home,  
Be the reason that you rhyme.

Let me be your ratchet gear,  
Happily incorporate,  
Day by day and year by year,  
Just the love and not the hate.

Let me be your catapult,  
Throw your spirits to the skies,  
Let me feel your lightning bolt,  
Let me look into your eyes.

Let me be your metronome,  
Let me keep you feelin' fine,  
Be your home away from home,  
I'll be yours and you be mine.
